## Section 2: EX-99.77(B) (EXHIBIT 99.77(B))

Exhibit 99.77B

### Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders  
of Oxford Lane Capital Corp

In planning and performing our audit of the financial statements of Oxford Lane Capital Corp. (“the Company”) as of and for the year ended March 31, 2018, in accordance with the standards of the Public Company Accounting Oversight Board (United States), we considered the Company’s internal control over financial reporting, including controls over safeguarding securities, as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements and to comply with the requirements of Form N-SAR, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Company’s internal control over financial reporting.

The management of the Company is responsible for establishing and maintaining effective internal control over financial reporting. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls. A company’s

internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of a company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

Our consideration of the Company's internal control over financial reporting was for the limited purpose described in the first paragraph and would not necessarily disclose all deficiencies in internal control over financial reporting that might be material weaknesses under standards established by the Public Company Accounting Oversight Board (United States). However, we noted no deficiencies in the Company's internal control over financial reporting and its operation, including controls over safeguarding securities that we consider to be material weaknesses as defined above as of March 31, 2018.

### **Section 3: EX-99.77(Q)(2) (EXHIBIT 99.77(Q)(2))**

**Exhibit 99.77Q2**

#### COMPLIANCE WITH SECTION 16 (a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934 and Section 30(h) of the Investment Company Act of 1940 require Oxford Lane Capital Corp.'s (the "Fund") directors, officers and persons who beneficially own more than 10 percent of the Fund's shares of common stock to file reports of ownership of the Fund's shares of common stock and changes in such ownership on Forms 3, 4, and 5 with the Securities and Exchange Commission ("SEC"). Such persons are required by SEC regulations to furnish the Fund with copies of all such filings. Based solely upon a review of the copies of such forms furnished, the Fund does not know of any director, officer or person who beneficially owns more than 10 percent of the Fund's shares of common stock who, during the Fund's last fiscal year, failed to file on a timely basis the required reports.
